

# Parent-Connect 2011-2012

Join parents and educators worldwide for a digest of current teen wellness issues.

Top experts expound the latest research and impart strategies designed to assist students aged 13 to 18 in responsible decision-making. All webinars are recorded, available on-demand in your school's e-Classroom.

## Series Features:

- Novel topics monthly
- A bevy of brilliant minds
- Professional anecdotes and real life examples
- Cutting-edge statistics, current research findings and leading field theory
- Tips for realistic, immediate application
- Workbooks, guides, handouts and resources

... all in the convenience of YOUR home or office!

All school parents and educators are invited to join. Use as many live or recorded webinars as you choose.
